Buried Alive 4 Hours Rogers Man is Rescued From Caving Water Well

Rogers, May 31.—Clyde (Red) Malicoat of Rogers narrowly escaped death Wednesday afternoon when a well which he was cleaning out, on the John Thompson farm, one and a half miles west of Rogers, caved in, burying him alive for four hours.

Old curbing became wedged above Malicoat's head when the cave in occured, saving him from being crushed to death or suffocated.

The cave in occured at approximately 3 p. m. Wednesday and a large number of workers assisted in digging Malicoat out of his unusual predicament. New casing had to be put in the well and dirt removed carefully before he was released.

Although wedged in with one arm hanging down at his side and the other over his head and standing in water almost to his neck, Malicoat survived the ordeal without injury.

Among the first persons to attempt the rescue were John Bigham, Sam Whatley, E. R. Underwood, "Shorty" Shaw and Oscar Krause. More than a hundred people went to the scene of the cave-in when word of the accident spread.

Malicoat was 14 feet from the top of the well.

Gene Smith, Texas Ranger and former City Marshal here some years ago, took the bodies of two men from a well near Rogers. They were overcome with gas and died. Mr. Smith risked his life when he had friends tie a rope around him to get him into the well to attempt a rescue. His health was permanently injured as a result of the daring exploit. He received wide publicity for his heroism and a Carnegie hero medal.

Confesses Slaying

After admittedly shooting and killing Paul Langlois, 39, Florence Knox, 29, pictured above, of San Antonio, hailed a passing motorist, went to the police station and confessed. She claimed that she and Langlois had been quarreling, and that he was shot in a scuffle that ensued.

Mixes His Sport

Already internationally known for his tennis prowess, Wilmer Allison of Austin, Texas, ninth ranking U. S. net player and former Davis cup member, is turning his attentions to golf. Allison last week entered the Texas Open golf tournament at San Antonio.

Sanctuary

A "moral zone" extending four blocks in each direction now exists around this downtown Y. M. C. A. building in Dallas, Texas. Judge Cavin Muse of the Corporation Court has warned all "street women" that if they are found soliciting within four blocks of the building, they will be jailed. Y. M. C. A. officials complained of activities of women around the building.

MISS BARTHOLOMEW RESIGNS COUNTY PLACE

Miss Minnie Bartholomew, Home Demonstration Agent Milam County, has resigned her position.

She has been identified with the work in Milam county for the past six years and more and has built up the 4-H clubs of this county. Miss Bartholomew left Cameron Thursday morning for her home in Franklin where she will be with her parents.

Miss Bertha Fae Strange has been appointed as agent for Milam county to succeed Miss Bartholomew and has entered into her work. Miss Strange took training at Daniel Baker's College at Brownwood; John Tarlton College and graduated from C. I. A., and is now completing her Master Degree.

Miss Strange is located in the home of Mrs. Tom Denson and has offices at the post office.

ROGERS YOUTH IS SLAIN IN HIGHWAY SHOOTING

Garnet Beardon, 19, of Rogers in Bell county, was shot and fatally wounded on the highway near Wire Bridge in Milam county Friday night May 26. He died in a Temple Sanitarium.

Harry Rogers of Rogers, is in the Milam county jail awaiting action of the grand jury. Examining trial has not been held and thus far Rogers has not made bond in the case. He is charged with the shooting.

According to the officers the young men met on the highway Friday night. Bearden got out of his automobile and walked to the car occupied by Rogers and was shot one time. It is said the young men were on their way to a dance. Trouble occuring about one month ago, it was said, led to the trouble on Friday night.

Rogers was arrested by Bell county officers and later given over to the Milam county officers when it was determined the shooting occured in Milam county.

Funeral services were held Sunday afternoon at Rogers. Bearden is survived by his father, two brothers and eight sisters.

STUDENT HONOR AWARDS MADE IN SCHOOL HERE

Martin Manning, son of Mr. and Mrs. M. G. Manning, was awarded highest honors in the class of 1933 of the Yoe High School. Julian Freeman, son of Mr. and Mrs. A. C. Freeman, was awarded second honors and Miss Ruby Harris was awarded highest honors among the girls of the class.

Miss Wynnelle Kidd, daughter of Mr. and Mrs. O. L. Kidd, maintained the highest average in the seventh grade of the Ada Henderson school and will deliver the Valedictory address at the commencement exercises of her class. Miss Helen Ryan, daughter of Mr. and Mrs. John Ryan, maintained the second highest record and will act as class salutatorian.

TRIAL OF J. C. TUCKER BEGINS IN BELL CO.

J. C. Tucker, former Cashier and Vice President of the Cameron State Bank, is on trial in District Court at Belton on indictments charging embezzlement of funds from the bank here which closed its doors on December 17, 1931.

The case on which trial was begun Monday is the loss of funds from the bank belonging to the American Legion.

Jury in the case was selected at 3:30 Tuesday afternoon and taking testimony was begun. Four cases have been set for trial at this term of court. Tucker was indicted on 17 counts in connection with shortage of funds from the bank by a Milam County Grand Jury. A change of venue sent the case to Bell county.

When the case was called Monday attorneys for Tucker entered plea that the cases be not tried in Bell County, contending that the Milam county court over which Judge E. M. Dodson of Marlin was presiding erred in sending the cases to Bell county. The defense attorneys contended the cases should have been transferred to Caldwell the nearest county seat. The attorneys also asked the Bell county court to take cognizance of an alleged error

Ralph Nicol's Show Opens Here Saturday

Ralph E. Nicol's dramatic show under canvas will open a week's engagement in Cameron Saturday, June 3 and will show all next week.

The program for the opening Saturday night will feature a new dramatic comedy stage play "Village Gossip."

The tent will be located on South Crockett near the A. R. Stecher grocery. Merchants of Cameron are co-operating with the show in a special ticket offer to be announced Friday by the management of the shows.

Barrymore's Staring Again in "Rasputin and The Empress" Opening at the Milam Sunday

Unprecedented spectacle, a dramatic plot which reflects world history, and the most notable theatrical family in the world, lend glamor to "Rasputin and the Empress," Metro-Goldwyn-Mayer's superfilm, telling the story of the fall of the Romanoffs, and bringing together for the first time on the screen, John, Ethel and Lionel Barrymore.

Author of Hits

Filmned from an original story by Charles MacArthur, famous for "The Front Page," "Lula Belle," "The Sin of Madelon Claudet,, and other hits with which his name has been coupled the huge production was directed by Richard Boleslavsky, war hero, author, director in the Moscow Art Theatre and producer of much stage spectacles as "The Miracle" and "The Vagabond King."

Rasputin, the Mad Monk, is played by Lionel Barrymore, the ill-fated Czarina by Ethel, and Prince Chegodieff by John in the new production, which will open at The Milam Theatre Sunday, June 4, following its successful run at the Astor Theatre in New York City. The Czar is played by Ralph Morgan, last seen in the "Strange Interlude." Diana Wynyard, London stage star, makes her American talkie debut in the part of the Princess Natsha, whose romantic affair with John Barrymore runs as an undercurrent throughout the entire picture. Tad Alexander is seen as the invalid Czarevitch, and prominent roles are filled by C. Henry Gordon and Edward Arnold.

The story tells of the strange monk, Rasputin, who is curing the little Russian Czarevitch of a deadly ailment, makes the superstitious Czar and Czarina his slaves, rules Russia through them, precipitates a riot of orgy, meddles with politics and finally plunges Russia

BARRYMORE'S COMING

JOHN BARRYMORE

John, Ethel and Lionel Barrymore, will greet patrons of the Milam Sunday in "Rasputin and the Empress." Mr. Swift believes "Rasputin" is the best booking in the history of the Theatre. The picture opens Sunday, June 4.

GRADUATION EXERCISES FOR RURAL GRADES

The graduation exercises for the students of the Seventh Grade was held at the Yoe High School building Monday evening, May 29. An enthusiastic audience was present and the auditorium of the High School building was taxed to capacity.

For the first time in the history of Milam county, definite recogniton has been given and emphasis has been placed in a county-wide way upon the accomplishments of the students of the seventh grade. The County Superintendent, her assistant, Mrs. W. D. Bigbee and the committee of teachers in charge of the program worked tirelessly in seeing to it that every phase of the evening's exercises were successfully carried out.

Two hundred and sixty-five students satisfactorily completed the work of the seventh grade, but all of them could not be present because of heavy rains in different portions of the county. One hundred and seventy five diplomas were presented by Mr. Thomas A. Fisher, chairman of the County Board of Education and a short talk was made before the beginning of the exercises by Mrs. Kathryn K. Robbins, County Superintendent.

It is the plan of the educational leaders of Milam County that this be made an annual event for all schools and more extensive plans are under consideration for next year.

The stage was decorated by Miss Irma Porter, principal of the Ada Henderson building. Miss Porter was assisted by seventh grade students of the Cameron schools and by other members of the Cameron faculty.

At the opening of the program music was furnished by the Cameron Municipal Band, under the direction of Francis Cox, and the program rendered was as follows:

Song—"America," audience.

Invocation.

Address—Hon. W. A. Morrison, Member of the State Board of Education.

Declamation — Hilton Griswold, Yarrellton, winner of the first place Rural Boys Declamation, seventh Grade.

Address—Hon. W. G. Gillis.

Declamation — Gertrude Watson, Branchville, winner of the first place Rural Girls Declamation Seventh Grade.

Presentation of Diplomas—T. A. Fisher, Chairman of the County Board.

Benediction.

Seek Forest Aid For Milam County Under Government Plan

Cameron Chamber of Commerce through a committee to be named by President L. Van Perkins, will seek reforestation work in Milam county under President Roosevelt's public works program, it was announced Wednesday by Secretary Cobb, following the Monday night session.

Interest is being shown in the estimate made by A. F. Mitchell, former county engineer that under the public works program of the government approximately twenty million dollars will result for highway construction.

The matter was referred to the good roads committee for investigation.

County Board Meet Postponed to June 12

Owing to the heavy work in the office of the County Superintendent and the closing exercises in the various schools of the county, the regular meeting of the County Board of Education has been postponed from June 5 to the second Monday in June which comes June 12.

Complying wit h the request of the office of the State Superintendent, the classification of schools will not be taken up at this meeting but will likely be considered at the regular meeting on the first Monday in July which is July 3rd.

HUNDREDS WILL ATTEND OPEN AIR EXERCISES

The final chapter in the record of the Cameron Public Schools for the 1932-33 session will be written Monday of next week when diplomas will be awarded to 109 gaduates, the largest class ever graduated from the local high school.

Closing exercises will begin on Friday evening of this week when certificates of promotion will be awarded to 80 graduates of the Ada Henderson school. At this time the good citizenship medals awarded annually by the Edwin Hardy Post American Legion will be presented.

At eight o'clock Sunday evening, June 4, Dr. O. B. Herring, Professor of Bible in Baylor University will deliver the Baccalaureate Sermon at the First Methodist church.

On Monday evening, June 5 at 8 o'clock final graduation exercises will be held on the campus of the Yoe High school. Seats and stands are being erected to accommodate 1500 people. In lieu of a commencement address a pageant will be presented by the members of the senior class and the program, with the exception of the awarding of the diplomas, will be in the hands of the seniors.

DOUBLE FUNERAL FOR MILAM PIONEERS

The remains of Mr. and Mrs. Jim Sneed were brought to Cameron Saturday by rail and taken overland to Rosebud where they were entombed in the Rosebud cemetery.

Mr. Sneed died and was buried in Rockport several years ago and Mrs. Sneed died Friday morning May 26 in a hospital in Corpus Christi. Both bodies were brought here accompanied by relatives. They formerly lived in Rosebud, and were well known in Cameron and Milam county, and belonged to a pioneer family.

The following relatives accompanied the remains from Cameron to Rosebud: Mr. and Mrs. Marvin Sneed of Calvert, Joe Sneed of Amarillo, John Beal Sneed of Dallas, Mrs. J. T. Sneed of Georgetown and Dan Tyson of Cameron who was a nephew of deceased.

P.-T. A. Round-Up Pre-School Pupils

The Health Committee of Cameron Parent-Teacher Association sponsored the annual Summer Round-Up of pre-school age children last Thursday at the Ada Henderson school.

Mrs. W. R. Newton, chairman, was assisted by Dr. James Watson, Dr. Arthur Kruse and Dr. W. R. Newton. The weighing and measuring was done by Misses Marek, Yager, Sharp and Good, registered nurses, while members of the Parent-Teacher group helped with the records.

The Round-up plan is fostered by the National Congress of Parent-Teachers in conjunction with the American Medical Association, as a means of educating public opinion to a realization of the need for sound bodies, if we are to have healthy minds and souls for our future citizens.

PROPOSED AMENDMENTS To CONSTITUTION of TEXAS

NOTICE OF PROPOSED AMENDMENT TO THE CONSTITUTION OF TEXAS

S. J. R. No. 3

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article IX of the Constitution of Texas be amended by adding thereto a section to be Section 3, which shall provide:

"Section 3. (1) Holding the belief that the highest degree of local self government, which is consistent with the efficient conduct of those affairs by necessity lodged in the State and the State will prove most progressive to the will of the people, and result in servant their diligence and intelligence by greater economy and efficiency in their local governmental affairs, it is hereby ordained:

"(2). Any county having a population of sixty-two thousand (62,000) or more according to the then last Federal Census may adopt a County Home Rule Charter for the government of the county, saving a population less than that above specified, to proceed hereunder for the adoption of a Charter; however as a condition for such authorization, it is required that notice of the intent to seek Legislative authority hereunder must be published in one or more newspapers, in general circulation in the county affected, not less than once per week for four (4) consecutive weeks, and the first of such publications shall appear not less than thirty (30) days next prior to the time an Act making proposal hereunder may be introduced in the Legislature. No County Home Rule Charter may be adopted by any county save upon a favoring vote of the resident qualified electors of the affected county. In electing or submitting to the voters a proposal to adopt a Charter (unless otherwise provided by a two-thirds vote of each House of the Legislature) the votes cast by the qualified electors residing within the limits of all the incorporated cities and towns of the county shall be separately kept but collectively counted and the votes of the qualified electors of the county who do not reside within the limits of any incorporated city or town likewise shall be separately kept and separately counted, and unless there be a favoring majority of the votes cast within and a favoring majority of the votes cast without such collective cities and towns, the Charter shall not be adopted. It is expressly forbidden that any such Charter may inconsonantly affect the operation of the General Laws of the State relating to the judicial, tax, fiscal, educational, police, highway and health systems, or any other department of the State's superior government. Nothing herein contained shall be deemed to authorize the adoption of a Charter provision inimical to or inconsistent with the sovereignty and established public policies of this State, and no provision having such vice shall have validity as against the State. No Charter provision may operate to impair the exemption of homesteads as established by this Constitution and the Statutes relating thereto.

"(3) a. A Charter hereunder may provide: the continuance of a County Commissioners' Court, as now constituted, to serve as the governing body of a county to operate hereunder; or, may provide for a governing body otherwise constituted, which shall be elective, and service therein shall be upon such qualifications, for such terms, under such plan of representation, and upon such conditions of tenure and compensation as may be fixed by any such Charter. The terms for service in such governing body may exceed two (2) years, but shall not exceed six (6) years. In any event, in addition to the powers and duties provided by any such Charter, such governing body shall exercise all powers, and discharge all duties which, in the absence of the provisions hereof, would devolve by law on County Commissioners and County Commissioners' Courts. Further, any such Charter may provide for the organization, reorganization, establishment and administration of the government of the county, including the control and regulation of the performance of and the compensation for all duties required in the conduct of the county affairs, subject to the limitations herein provided.

"b. A Charter hereunder may provide that Judges of County Courts (including that County Court designated in this Constitution), and Justices of the Peace be compensated upon a salary basis in lieu of fees. The jurisdiction of the County Court designated in this Constitution, and the duties of the judges thereof, may be confined to that general jurisdiction of a probate Court which elsewhere is defined in this Constitution. The office of Justice of the Peace may be made either elective or appointive. Other than as herein provided, no such Charter shall provide for altering the jurisdiction of procedure of any Court. The duties of District Attorney and or County Attorney may be confined to representing the State in civil cases to which the State is a party and to enforcement of the State's Penal Code, and the compensation of said attorneys may be fixed on a salary basis in lieu of fees.

"c. Save as hereinabove and hereinafter otherwise provided, such Charters, within the limits expressed therein, may invest the governing body to be established for any county electing to operate hereunder with the power to create, consolidate or abolish any office or department, whether created by other provisions of the Constitutions or by statute, define the duties thereof, fix the compensation for service therein, make the same elective or appointive and prescribe the time, qualifications and conditions for tenure in any such office; save, that no such Charter other than as hereinbefore authorized, shall provide to regulate the status, service, duties or compensation of members of the Legislature, Judges of the Courts, District Attorneys, County Attorneys, or any office whatever by the law of the State required to be filled by an election embracing more than one county. Excepting hereinbefore mentioned elections or appointments to offices, the terms whereof may not have expired prior to the adoption of this Amendment to the Constitution, at such time as a Charter pursuant adopted hereunder may be in effect (save as to those offices which are elsewhere specified), all terms of county officers and all contracts for the giving of service by deputies under such officers, may be subject to termination by the administrative body of the county, under an adopted Charter so providing, and there shall be no liability by reason thereof.

"d. Any county electing to operate hereunder shall have the power, by Charter provision, to levy, assess and collect taxes, and fix the maximum rate for ad valorem taxes to be levied for specific purposes, in accordance with the Constitution and Laws of this State, provided, however, that the limit of the aggregate taxes which may be levied, assessed and collected hereunder shall not exceed the limit or total fixed, or hereafter to be fixed, by this Constitution to control counties, and the annual assessment upon property, both real, personal and mixed, shall be a first superior and prior lien thereon.

"e. In addition to the powers herein provided, and in addition to powers included in County Home Rule Charters, any county may, by a majority vote of the qualified electors of said county, amend its Charter to include other powers, functions, duties and rights which now or hereafter may be provided by this Constitution and the statutes of the State for counties.

"(4). Any county operating hereunder shall have the power to borrow money for all purposes lawful under its Charter, to include the refunding of a lawful debt, in a manner conforming to the General Laws of the State, and may issue therefor its obligations. Such obligations, other than those to refund a lawful debt, shall not be valid unless authorized by a majority of all votes cast by those resident qualified votes of the area affected by the taxes required to retire such obligations, who may vote thereon. In case of county obligations, maturing after a period of five (5) years, the same shall be issued to mature serially, fixing the first maturity of principal at a time not to exceed two (2) years next after the date of the issuance of such obligations. Such obligations may pledge the full faith and credit of the county; but in no event shall the aggregate obligations so issued, in principal amount outstanding at any one time, exceed the then existing Constitutional limits for such obligations and such indebtedness and its supporting tax shall constitute a first and superior lien upon the property taxable in such county. No obligation issued hereunder shall be valid unless prior to the time of the issuance thereof there be levied a tax sufficient to retire the same as it matures, which tax shall not exceed the then existing Constitutional limits.

"(5) Such Charter may authorize the governing body of a county operating hereunder to prescribe the schedule of fees to be charged by the officers of the county for specified service, to be in lieu of the schedule for such fees prescribed by the General Laws of the State; and, to appropriate such fees to such funds as the Charter may prescribe; provided, however, no fee for a specified service shall exceed in amount the fee fixed by General Law for that same service. Such Charters as to all judicial officers, other than District Judges, may prescribe the qualifications for services, provided the standards therefor be not lower than those fixed by the General Laws of the State.

"(6) a. Subject to the express limitations upon the exercise of the powers by this subdivision to be authorized, such Charters may provide (or omit to provide) that the governmental and or proprietary functions of any city, town or district or other defined political subdivision (which is a governmental agency and embraced within the boundaries of the county) be transferred, either as to some or all of the functions thereof, and yielded to the control of the administrative body of the county. No such transfer or yielding of functions may be effected, unless the proposal is submitted to a vote of the people, and, unless otherwise provided by a two-thirds vote of the total membership of each House of the Legislature, such a proposal shall be submitted as a separate issue, and the vote within and without any such city, town, district, or other defined governmental entity, shall be separately cast and counted, and unless two-thirds of the qualified votes cast within the yielding defined governmental entity, and a majority of the qualified votes cast in the remainder of the county, favor the proposed merger, it shall not be effected. In case of the mergers hereby authorized, without express Charter provision therefor, in so far as may be required to make effective the object of the proposed merger, the county shall succeed to all the appropriate lawful powers, duties, rights, procedures, restrictions and limitations which prior to the merger were imposed on, or imposed upon, the yielding governmental agency. Particularly it is provided that the power to create funded indebtedness and to levy taxes in support thereof may be exercised only by such procedures, and within such limits, as now are, or hereafter may be, provided by law to control such appropriate other governmental agencies were they to be independently administered. Such mergers may be effected under proposed contracts between the county and any such yielding governmental agency, to be approved at an election as hereinbefore provided for. In order to increase governmental efficiency and effect economy the county may contract with the principal city of the county to perform one or more of its functions, provided such contracts shall not be valid for more than two (2) years.

"b. In cases of the partial or complete merger of the government of a city operating under a Home Rule Charter, with the government of a county operating hereunder, those city Charter provisions affected thereby shall cease to control, and the county Charter provisions shall control.

"c. When any embraced incorporated city or town elects to merge its governmental functions with those of the county under the provisions hereof, such Charter may provide for defining or redefining the boundaries of such cities and towns, provided, however, that the defining or redefining the boundaries of such cities and towns, such boundaries may be extended only to include those areas contiguous to such cities as are urban in character, and as to such cities or towns and for the benefit thereof the county, in addition to the primary city and county tax herein authorized and any other lawful district tax, may levy and collect taxes upon the property taxable within such city or town as defined or redefined, within the limits authorized by Sections 4 and 5 of Article 81 of this Constitution, (or any Amendment thereof) for incorporated cities according to the population, provided that no tax greater than that existing at the time of such merger or for any added purpose shall be imposed upon any such city or town unless authorized by a majority of all votes cast by the resident qualified voters of such city or town.

"d. Areas urban in character though not incorporated, under appropriate Charter provision may be defined as such by the governing body of the county, provided, however, that no portion of the county shall be defined as an urban area unless it has sufficient population to entitle it to incorporate under the then existing laws of the State; and no such urban area, when created, shall be vested with any taxing or bonding power which it would not possess if it were operating as a separate incorporated unit under the then existing Constitutional and Statutory provisions of this State; and provided further that the governing body of the county for the government of such areas shall have and exercise all powers and authority granted by law to the governing bodies of similar areas when separately incorporated as a city or town, and such areas shall be subject to additional taxation within the same Constitutional limits as control taxation for a city or a town of like population. Likewise such Charter may provide for the governing board of the county subject to existing Constitutional and Statutory provisions to define, create and administer districts, and have and exercise the powers and authority granted by the Constitution and laws relative to same.

"(7). No provision of this Constitution inconsonant with the provisions of this Section 3, of Article IX, shall be held to control the provisions of a Charter adopted hereunder, and conforming herewith. Charters adopted hereunder shall make appropriate provision for the abandonment, revocation, and amendment thereof, subject only to the requirements that there must be a favoring majority of the vote cast upon such a proposal, by the qualified resident electors of the county; and, no Charter may forbid amendments thereof for a time greater than two (2) years. The provisions hereof shall be self-executing, subject only to the duty of the Legislature to pass all laws (consistent herewith) which may be necessary to carry out the intent and purpose hereof. Further, the Legislature shall prescribe a procedure for submitting to decision, by a majority vote of the electors voting thereon, proposed alternate and elective Charter provisions."

Section 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors of the State at an election to be held throughout the State on the fourth Saturday in August, 1933, at which election all ballots shall have printed thereon the following:

"For the Amendment to Article IX of the Constitution of Texas, adding Section 3, providing authority for the adoption of a Home Rule Charter by the voters in counties having a population of sixty-two thousand (62,000) or more, to effect more sufficient and economical government within such counties, and to authorize mergers of separate governmental agencies within such counties as may from time to time be authorized by vote of the people therein."

"Against the Amendment to Article IX of the Constitution of Texas, adding Section 3, providing authority for the adoption of a Home Rule Charter by the voters in counties having a population of sixty-two thousand (62,000) or more, to effect more efficient and economical government within such counties, and to authorize mergers of separate governmental agencies within such counties as may from time to time be authorized by vote of the people therein."

Each voter shall scratch out one of the above listed clauses on such ballot, leaving unscratched that particular clause which expresses his vote on the proposed Amendment to which it relates.

Section 3. The Governor of this State is hereby directed to issue the necessary proclamation ordering an election in conformity herewith to determine whether or not the proposed Constitutional Amendment set forth herein shall be adopted, and the Governor shall have the same published as required by the Constitution and laws of this State.

W. W. HEATH,
Secretary of State.

NOTICE OF THE PROPOSED AMENDMENT TO THE CONSTITUTION OF TEXAS

H. J. R. No. 43

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Subsection (a), of Section 20, of Article XVI, of the Constitution of Texas, be amended so as to hereafter read as follows:

"(a): The manufacture, sale, barter or exchange in the State of Texas of spirituous, vinous or malt liquors or medicated bitters capable of producing intoxication, or any other intoxicant whatever except vinous or malt liquors of not more than three and two-tenths per cent (3.2%) alcoholic content by weight, (except for medicinal, mechanical, scientific or sacramental purposes) are each and all hereby prohibited. The Legislature shall enact laws to enforce this Section, and may from time to time prescribe regulations and limitations relative to the manufacture, sale, barter, exchange or possession for sale of vinous or malt liquors of not more than three and two-tenths per cent (3.2%) alcoholic content by weight; provided the Legislature shall enact a law or laws whereby the qualified voters of any county, justice's precinct, town or city may by a majority vote of those voting, determine from time to time whether the sale for beverage purpose of vinous or malt liquors containing not more than three and two-tenths per cent (3.2%) alcohol by weight shall be prohibited within the prescribed limits; and provided further that in all counties in the State of Texas and in all political subdivisions thereof, wherein the sale of intoxicating liquors had been prohibited by local option elections held under the laws of the State of Texas and in force at the time of the taking effect of Section 20, Article 16, of the Constitution of Texas, it shall continue to be unlawful to manufacture, sell, barter or exchange in any such county or in any such political subdivision thereof, any spirituous, vinous or malt liquors or medicated bitters, capable of producing intoxication or any other intoxicant whatsoever, unless and until a majority of the qualified voters in said county or political subdivision thereof voting in an election held for such purpose shall determine it to be lawful to manufacture, sell, barter and exchange in said county or political subdivision thereof vinous or malt liquors containing not more than three and two-tenths per cent (3.2%) alcoholic content by weight, and the provision of this subsection shall be self enacting."

Section 2. The foregoing Amendment to the Constitution shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the fourth Saturday in August, 1933. At this election all voters favoring the proposed amendment shall write or have printed on their ballot the following words: "For the Amendment to the Constitution of Texas, authorizing the sale of vinous or malt liquors of not more than three and two-tenths per cent (3.2%) alcoholic content by weight." Those voters opposing said proposed Amendment shall write or have printed on their ballot the following words: "Against the Amendment to the Constitution of Texas, authorizing the sale of vinous or malt liquors of not more than three and two-tenths per cent (3.2%) alcoholic content by weight."

Section 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for such election and to have same published as required by the Constitution and Amendments thereto.

NOTICE OF PROPOSED AMENDMENT TO THE CONSTITUTION OF TEXAS

S. J. R. No. 30

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article 3 of the Constitution of the State of Texas be amended by adding thereto another Section, Section 51a, which shall read as follows:

"Section 51a. The Legislature shall have power to authorize by law the issuance and sale of the bonds of the State of Texas, not to exceed the sum of Twenty Million ($20,000,000.00) Dollars, bearing interest at a rate not to exceed four and one-half (4½%) per centum per annum; and payable serially or otherwise, not more than ten (10) years from their date, and said bonds shall be sold for not less than par and accrued interest and no form of commission shall be allowed in any transaction involving said bonds. The proceeds of the sale of such bonds to be used in furnishing relief and work relief to needy and distressed people and relieving the hardships resulting from unemployment, but to be fairly distributed over the state and upon such terms and conditions as may be provided by law and the Legislature shall make such appropriations as are necessary to pay the interest and principal of such bonds as the same become due. The power is hereby granted to the Legislature to issue bonds hereunder is expressly limited to the amount stated and to two years from and after the adoption of this grant of power by the people. Provided that the Legislature shall provide for the payment of the interest and redemption of any bonds issued under the terms hereof from some source other than a tax on real property and the indebtedness as evidenced by such bonds shall never become a charge against or lien upon any property, real or personal, within this State.

Section 2. The forgoing Constitutional Amendment shall be submitted to the qualified voters of the State on the Twenty-Sixth day of August, A. D., 1933, at which election all voters favoring such proposed amendment shall write or have printed on their ballots the words: "For the Amendment to the Constitution providing that the Legislature may authorize the issuance of bonds of the State of Texas, not to exceed Twenty Million ($20,000,000.00) Dollars, for relieving the hardships of unemployment and for the necessary appropriations to pay said bonds." Those voters opposing said amendment shall write or have printed on their ballots, the words: "Against the Amendment to the Constitution providing that the Legislature may authorize the issuance of bonds of the State of Texas, not to exceed Twenty Million ($20,000,000.00) Dollars, for relieving the hardships of unemployment and for the necessary appropriations to pay said bonds."

Sec. 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and have same published as required by the Constitution and Amendments thereto.

W. W. HEATH,
Secretary of State.

TROOP NO. 52
J. A. Lindle, Scoutmaster

Troop No. 52 held their regular meeting Friday night with an attendance of 36 which included all of the officials of the troop.

At this meeting plans for a summer camp on Little River were discussed and a location is being looked for. At this meeting Scout Richard Houston was elected Troop Scribe for the coming year. Rudolph Michalka was appointed patrol leader of Fox patrol, with Frank Richter, Jr. as assistant. George Matocha leader for the X patrol with Edward Schiller as assistant. Louis Matula assistant scoutmaster, was elected captain of the troop baseball team.

At the patrol meetings second class signalling was taken up with the study of the Morse code, demonstrations with the transmitter were given by scout Frank Ernis. A real hot game period was held with the Fox patrol coming out in the lead by winning two to one. The meeting was closed with the oath and law. Eagle Scout Robert Hensley and Life Scout August Morraw are among the graduates of the Yoe High School. Congratulations, boys!

The baseball team of Trop 52 walloped the Marlow team by the score of 21 to 2 in a gam e Sunday at Marlow. Hank Matula on the mound for 52, retired 17 men by way of the strikeout route, and allowed anly 3 scattered hits. Troop 52 will probably play their first game on their new lot next Sunday in the pasture in front of the National Bohemian Hall. This has been made possible through the courtesy of Mr. Storey.

Lady Took Cardui And Got Rid of Pain In Her Side

"Last summer, my health was bad, so I began taking Cardui," writes Mrs. H. E. Slaughter, of Norman, Okla. "My mother had given me Cardui in girlhood, so naturally I turned to it when I felt I needed it. I felt run-down and a general weakness. I had bad, dizzy headaches when everything would seem to dance before my eyes. My right side pained me so much, but since taking Cardui the pain has left me. I have taken several bottles of Cardui and have improved a great deal."

Cardui is sold at drug stores here.

The Road To Better Health

FRUITS

By DR. WILLIAM J. SCHOLES

Fruits, like everything else on the earth, are mostly water, 75 per cent to 95 per cent—the balance being nutritive material. Dried fruits contain only about 20 per cent water, but the proportion of nutritive matter is correspondingly increased. Preserved fruits lose some water by evaporation and their nutritive value is raised by the addition of sugar in their preparation. Canned fruits are, in the main, unchanged.

As a general proposition, fruits contain little or no fats and their protein content is so low as to be practically negligible. Accordingly, their chief nutrient are carbo-hydrates in the form of sugars (cane sugar, grape sugar, fruit sugar).

Many fruits contain also organic acids, such as mallic acid in apples, citric acid in lemons, and so on.

Mineral matter is an important constituent in many fruits. For example, dried fruits, like prunes, dates, raisins and figs, are fairly rich in iron, calcium and phosphorus.

The flavor of fruits is due to their sugars ,acids, and other "ethereal" oils they contain. It is these ethers and oils that, extracted by a chemical process, make the fruit flavors and extracts with which we are all familiar.

The digestibility of fruits varies with the kind and manner of preparation. As a rule, stewed fruits are more digestible than raw fruits. Individual idiosyncrasy also has considerable to do with it. Some people can't eat half a banana without becoming ill, others can eat a dozen and never notice it. Practically everyone can, however, eat oranges, lemons, grapes and peaches. For olives and grapefruit a taste must be cultivated, and some persons never learn to love them.

We should eat fresh fruit every day; in fact one cannot expect to keep well without making fruits an important feature of his dietary. Fruits furnish mineral matter and vitamines. Their cellulose (fiber) and organic acids have a laxative action. They yield an alkaline residue which, when absorbed, neutralizes the acid residue of protein foods (meat, eggs). They are refreshing and stimulate the appetite.

AN OPEN LETTER TO ALL CAR OWNERS

Here is a great new plan for the economical operation of Ford cars that has come from the fertile brains of Ford executives. It is destined to permit many owners of Ford cars with thousands of miles on the speedometer to convert their car into a new one mechanically without buying a new car.

It will permit the owners of other cars to buy the luxury of a new Ford V-8 with the positive assurance of its unusual economy.

Everyone has heard of the good oil mileage and gas mileage of the 1933 Ford V-8.

Now you can purchase one knowing that when you have forty or fifty, or sixty thousand miles on it, you can exchange the motor for a factory rebuilt one for only $49.50 and in eight hours can go on your way.

Of course, this can be done with Ford trucks and 1928-29 1930-31 Fords also and at a total charge of only $44.50 and on easy terms if you want it.

We have ordered several 4-cylinder motors from Detroit and in about a week will be able to put the Plan in operation.

Precision tools, micrometers, the moving assembly line make are built motor just as good as a new one, and since there are so many millions of Fords in use, the large number of people that will take advantage of the plan permits the price to be for all labor, parts and transportation only $44.50 for a new 4-cylinder motor and only $49.50 for the V-8.

Again it will be noticed that the V-8 is just about as economical as the "4".

Of course, we are well equipped to do all the minor repairs to all Fords. We can completely overhaul motors too, but we can't do it as well as the factory--and neither can any one else completely replace all worn parts and completely overhaul a Ford V-8 including all labor and parts for only $49.50.

There are no V-8 owners that are now in need of this service but there are 4-cylinder owners of 1928-29-30 and 1931 Ford cars and trucks that can take advantage now of this new plan and we invite you to come in.

On behalf of all Ford owners and those that soon will be, I want to congratulate Mr. Ford on the interest he has taken in our customers.

Yours very truly,
H. H. STEDMAN,
Hefley-Stedman Motor Co.

into the World War. Then, after his death comes the revelation that seals the doom of the Romanoff dynasty. Authentic makeup literally reincarnates the original actors in the strange drama, and huge settings, absolutely true to the originals, add further realism.

Has Spectacular Scenes

The spectacular court audience, with hundrens of brilliantly garbed attendants, the great cathedral scene and the huge revieW are among the spectacles, believed to be the most impressive since the advent of the talkies. The dramatic incidents include the hypnotizing of the little prince until he turns like a beast on John Barrymore, the fantastic orgy in Rasputin's apartment, the plot by which Rasputin sends the Czar into the war, the quarrel with the Grand Duke Igor the execution of the nihilists, the betrayal of the little Grand Duchess, the sinister vengeance of the nobles on the Mad Monk, the amazing episode of the microscope the declaration of war, and the romantic interlude between John Barrymore and Diana Wynyard.

Black-Draught
Clears Up Sluggish, Dull Feeling

"I have used Thedford's Black-Draught for constipation for a long time, and find it gives relief for this trouble," writes Mrs. Frank Champion, of Wynne, Ark. "I think it is good for spells caused from gas on the stomach. If I get up in the morning feeling dull and sluggish, a dose of Black-Draught taken three times a day will cause the feeling to pass away, and in a day or two I feel like a new person. After many years of use we would not exchange Black-Draught for any medicine."

P. S. — If you have CHILDREN, give them the new, pleasant-tasting SYRUP of Thedford's Black-Draught.

Scholastic Transfers Are Now Being Made

Transfers are now being made in the office of the County Superintendent and all persons interested in the transfer of students to any district outside the child's residence, should attend to this matter at once.

Transfers must be made before August 1st, in all cases where the child does not attend school in his home district. This rule applies even though the grade in which the child is enrolled is not taught in the home district.

The County Superintendent urges all parents interested in transfers should attend to this important matter as early as possible.

Injunction Sought In Highway Extension

J. R. Bauer, land owner on Highway 77, has entered suit to restrain the county commissioner's court from procuring additional right of way across his property north of Cameron.

The court appointed appraisers and $40 per acre is to be paid land owners for the acreage necessary for widening the right of way.

The case will be heard in District Court Friday morning at 10 o'clock. The newly developed problem was discussed by the Chamber of Commerce Monday night.

All necessary right of way has been secured except the Bauer property.

Mrs. J. Felton Lane of Hearne and daughter, Mrs. John Gattling and two children, Mollie Ann and John, of Mission, were Sunday guests of their cousin, Miss Leila Woolley and sister, Mrs. Wilna Ramsauer.

When the starter gives the green flag at Indianapolis Motor Speedway for the 500-mile International Sweepstakes May 30, one of the champions pictured above may again cross the tape the winner. Fred Frame, who broke the track record last year, will again drive one of Harry Hartz' powerful cars. Louis Schneider, the 1931 winner, will again drive his own car. Billy Arnold, great champion of 1930, has not made his plans known, but the speed demon is likely to be in the race. Louis Meyer, 1929 winner is always a strong contestant. Loren Corum, a co-winner in 1924 with Joe Boyer, is a fine driver and veteran strategist. But these champions will be up against great competitors, such as "Wild Bill" Cummings, who is said to have hit 170 miles an hour on the "back stretch" during one of his recent tryouts, Ernie Triplett, Pacific Coast Champion who established a two-man car lap record of 120 miles per hour at Indianapolis last week, and Lou Moore, fastest qualifier last year. With such speeds, hour after hour, tires are important factors in safety. All of these noted racing drivers—and the winners for the last 13 years, chose Firestone tires to bring them through the terrific grind to victory.

Says Her Husband Lost 16 Pounds In Four Weeks

"I have never found a medicine that 'peps' you up like Kruschen Salts and better still, leaves you 'pepped up.' I take it two or three times a week—not to reduce but merely to feel good and clean. My husband took it to reduce, he lost 16 pounds in 4 weeks." Mrs. E. A. Ferris, Washington, D. C. (December 29, 1932).

To lose fat and at the same time gain in physical attractiveness and feel spiritd and youthful take one half teaspoonful of Kruschen in a glass of hot water before breakfast every morning.

A jar that lasts for 4 weeks costs but a trifle at any drugstore in the world but be sure and get Kruschen Salts the SAFE way to reduce wide hips, prominent front and double chin and again feel the joy of living—money back if dissatisfied after the first jar.

COMET TEAM BEATS SLUGGERS SUNDAY

It required all of the power and strength of which they are capable for the Cameron Comets to nose out the Cameron Sluggers Sunday afternoon. The final score was five to four, but a ninth inning rally by the Sluggers threw an awful scare into the ranks of the Comets when the Sluggers put across two runs on four solid singles off Unk Young's slants.

The scoring started in the second inning when Walker, first man up for the sluggers drew a pass to first base by being hit. Heinnie then proceeded to steal second and third bases when he caught the Comets napping. This seemed to have upset the Comets. Worcester followed Walker with a single. Bean then singled, scoring Walker and put Worcester on third. Worcester was then trapped between third and home on an attempted bunt by Price. Bean then scored on a wild pitch, thus giving the sluggers a two run lead. In the following inning the Comets made one score on three hits. No further scoring was done until the sixth when the Comets made three tallies on three hits, a base on balls and a wild pitch. In the eighth the Comets made their last score on three hits. In their last time to bat the Sluggers put on their "Custer's Last Rally." Buck Price, first up, singled as Moon did also. Matula struck out. Thompson singled to score Price. Ondrej singled to score Moon. With one man out and two scores put over with an excellent chance of either tieing the score or else, Thompson was then trapped at third base. Guess then ended the game by bound-out to short.

The hits were even at ten each and not an extra base hit was made during the game. It developed that the game was either to be won or lost by "Lefty" Moon's pitching behind a weak club or else the Comets must overcome their inability to hit left hand pitching. As it turned out the game was finally won mainly by Unk Young's superb pitching with the experienced players behind him. Another feature of the game was the difference in the base running of the two clubs. Heinnie Walker, for the Sluggers, is the best base runner Cameron ever produced, but Heinie succeeded in getting on base one time and that was by being "beaned" by one of Unk's wild heaves.

The largest crowd of the season witnessed the game Sunday afternoon and it is a foregone conclusion that the next time these two teams meet it will be another battle royal and draw a capaocity crowd.

Henry Ford
Dearborn, Mich.

May 22, 1933

I suppose that I may claim to be the first Ford Dealer. I not only made cars, but sold them and frequently delivered them myself.

The "drive away" is not new; often I have driven cars from Detroit to towns in Ohio or Indiana or Michigan to make delivery.

There were no good roads in those days, and the people where I drove had never seen a motor car before.

My first really enthusiastic customers were Country Doctors. They were the first to realize the value of dependable transportation to a widely scattered practice.

Even today I occasionally hear from some of those first Ford users.

We had to teach local mechanics how to care for the cars. That is how Ford Service began, which is now found everywhere in the world.

We believed from the beginning that a sale does not complete our transaction with our customer -- it creates upon us an obligation to see that our customer's car gives him service. Ford Dealers know their duty to the public in this respect.

I can say of Ford Dealers generally that they have been and are men of character and standing in their communities. Most of them have been with us many years, which indicates that we agree on basic business principles. The Company provides that the methods used to sell the Ford car are consistent with the self-respect of the Dealers who handle it.

The present Ford V-8 is the peak of our 30 years experience.

We have never made a better car. Its eight-cylinder engine is powerful and smooth running. The car is admittedly very good looking and has comfortable riding qualities. It is economical in operation because of advanced engine design and low car weight. It is the fastest, roomiest and most powerful car we have ever built.

LUBRICATED GASOLINE NEW GULF PRODUCT

Houston, Texas, May 25.—Lubricated gasoline, a distinct innovation in motor fuels, was announced today by the Gulf Refining Company through O. H. Carlisle, District Sales Manager. The new product is the result of extensive experimentation in the Gulf Refining Company laboratories, and the answer to the problems presented lubrication engineers by the increased demand of the motoring public for high speed motors.

The new product is being marketed under the slogan "That Good Gulf Gas—now Lubricated" at no extra cost Mr. Carlisle pointed out. Salient features of the new fuel, according to Mr. Carlisle, are: correct lubrication of the valve seats and of the top of the valve stem, which tends to prevent drying and pitting of valves; plus lubrication of the upper part of the cylinder walls, thereby reducing wear on cylinders and pistons as well as piston rings.

Through use of lubricated gasoline it is now possible to design motors with smaller clearance between piston and cylinder wall and also to use tighter-fitting oil rings. In some cases two oil rings are used, all of which reduces crank case motor oil consumption.

Ease of starting with lubricated gasoline is believed assured by the fact that when combustion chambers are flooded with lubricated gasoline in choking the motor valves are less apt to stick, while use of "That Good Gulf Gasoline — Now Lubricated" assures longer life for certain parts of the motor such as valves, guides and piston assembly.

With reference to the lubrication of gasoline, Mr. Carlisle quotes C. B. Veal, Research Manager, Society of Engineers, as follows.

"We are now facing a rather new type of automobile engine—the tendency for the past few years has been to increase the speed of our engines."

"At first we encountered excessive oil consumption above certain critical speeds, but blow-by and other features of ring and piston functioning have so improved as to prevent excessive oil consumption even at high speeds now common—personal experiences and reports from others lead me to believe that some of these engines may come close to experiencing a deficiency in oil supply at moderate speeds."

"If the oil supply actually failed, I agree that lubricated fuels would not solve the problem, but if some of these new engines are coming close to the danger point in the meagerness of the supply of oil supply at moderate speeds it seems reasonable that a lubricated fuel would offer a sufficient panacea to bring about satisfactory car operation."

In Germany and England lubricated gasoline has been used widely for as long as two years with notable success, Mr. Carlisle pointed out. Also, the lubrication of outboard motors is taken care of through mixing lubricating oil with the gasoline. Many large truck and bus operators have been using lubricated gasoline for some time even though it was necessary for them to purchase a proper oil to mix with their gasoline. Most car manufacturers recommend mixing lubricating oil with the gasoline during at least the first 2000 miles of driving the new car."

"I would like to state," Mr. Carlisle said, " That using 'That Good Gulf Gasoline—Now Lubricated' automobile owners may be assured of correct special upper-cylinder lubrication under normal driving conditions and at the ordinary driving speeds. No extra charge is made for our new product."

SLUGGERS AND MILANO TIE IN SUNDAY GAME

Immediately after the Comet and Sluggers game Sunday afternoon the Cameron Sluggers took on the Milano team for a game which was scheduled in the Milam County League. This game proved to be a very hectic affair when at the end of the tenth inning the teams were on even terms with seven scores each.

The Sluggers went into this affair with the thought it would be a "gift game" but it soon developed that such was not the case. Each team scored one tally in the fourth. In the seventh the Milano boys put over 3 more while the Sluggers could produce but two. In the ninth inning the Milano team shoved over three tallies. The heaviest artillery in the Slugger line up was drafted into service and the game was saved temporarily when the Sluggers scored four runs to even the count at seven each.

The shades of night were falling fast as Longfellow said. The appetites of the fans had been sated and the ball players were well tired out when the game was called at the end of the tenth inning.

It will be necessary to play Milano a double-header at their next meeting to settle this argument.

The Biggest News Since Fresh Gas...

That Good Gulf Gasoline is now lubricated!

GULF stations from Maine to Mexico are now offering a motor fuel that surpasses everything that has gone before.

This great fuel is new in everything but name. *It actually gives greater mileage and cuts repair costs*—because it lubricates the upper cylinder and valves.

The new lubricating Good Gulf Gasoline contains an upper cylinder lubricant made by an exclusive Gulf process. This lubricant—correctly blended with that Good Gulf Gasoline, the famous *fresh* gas—makes *today's greatest non-premium fuel for modern motors!*

It lubricates the intake valves, prevents sticking, and forms little or *no* carbon!

If you want to get more and lower cost miles out of a gallon of gas, *try the new Good Gulf Gasoline today.* It doesn't cost a penny more.

CLOVER CONTRACT BRIDGE

Mrs. La Bertrice Robertson was hostess to the Clover Contract Bridge Club Wednesday of last week at the home of her mother, Mrs. Arthur Baskin.

Pretty spring flowers lent beauty at pleasing points, amid those delightful environments three tables were arranged for players. After a series of games high score was won by Mrs. P. W. Davis and consolation went to Mrs. Julian Baskin.

The hostess was assisted in serving a salad course with ice cream and cake at the close of the games by her sister, Mrs. Frank Wendt.

Guests other than club members were: Mrs. Julian Baskin, Mrs. Phillip Reid and Mrs. Frank Wendt of Spearman who is visiting here.

GOING AWAY PARTY

Misses Alice, Myrtle Lee and Ray Fanning were hostesses to a going away party at the home of their parents, Mr. and Mrs. W. M. Fanning Tuesday afternoon naming as honor guest little Miss Janette McIntyre who left Thursday with her mother, Mrs. Vernon McIntyre, for San Antonio, after attending school here for the past term.

Games were conducted by Misses Fannin, who presided over a guest book where those in attendance registered a wish and left a dainty handkerchief therein for the honor guest.

Ice cream, cake and candy were served to the following guests: Janette McIntyre, honor guest; Misses Eilleen Wiley, Lucy Turner, Iza Earl Heath, Anne Margaret Smith, Lucille McDermott, Lucille Stedman, Dorothy and Charlotte Perkins, Mary Ellen Cottle, Nell Vaughn, Viola Thomas, Mary Jewell and Elizabeth Fannin and Joyce Anne Burke of Austin.

THURSDAY CONTRACT BRIDGE

The Thursday Contract Bridge Club was entertained last week by Miss Billie Gaither. Pink radiance roses and ferns were used throughout the reception rooms where three tables for players were placed. Table accessories emphasized the chosen color scheme.

Assorted colored powder puffs were won by Miss Lois Robbins for club members highest score and by Miss Dinks Baskin for guests.

At the close of the games, the hostess served a delightful salad plate with ice cream and ginger ale on large trays.

GOOD CHEER BRIDGE CLUB

The Good Cheer Bridge Club enjoyed a meeting Friday afternoon with Mrs. Gus Evans as hostess. A pretty green and orange color scheme was carried out in the floral decorations, where games were enjoyed for a season when Mrs. Evans made highest score and Mrs. H. E. Garner second highest.

The resignation of Miss Winnie Wittliff, a member of the club, was received.

The hostess served ice cream and cake carrying out the chosen colors.

Mrs. W. A. Bonds was guest of the club.

TRIAL

(Continued from page 1)

on the part of the Milam county grand jury, charging irregularity in returning the indictments.

Judge Few Brewster of the Belton court overruled the plea of defense attorneys and ordered the trial to proceed.

Richard Holt, former Criminal District Attorney of Waco, W. A. Morrison and Roy Baskin of Cameron are representing Tucker. The State is represented by Henry Taylor, Criminal District Attorney for Bell County and S. M Burns, Criminal District Attorney for Milam county.

It is expected that the case under trial will consume the balance of the week.

When the court recessed at night Wednesday the State had rested in its introduction of testimony. The defense cousel was still placing witnesses on the stand, among them members of the American Legion.

It was believed the case might conclude testimony Thursday and go to the jury some time Friday.

HERE'S HOW—WITH PINEAPPLE!

Another food innovation—the iced pineapple cup, made from crushed canned pineapple or tidbits—has been added to the housewife's list of cooling afternoon refreshments.

It made its appearance recently at winter resort beaches in the wake of announcements of nutritional studies which revealed canned pineapple as a valuable source of vitamins A, B and C and five essential minerals. In addition, it is being served as a breakfast fruit and as an appetizer or dessert at dinners. Eaten regularly, the dietetic studies showed the fruit also aids digestion and in the prevention and correction of acidosis and nutritional anemia.

Teaching Hawaii about pineapple might seem like carrying coals to Newcastle. But after all, it took America to give the hula dance, the ukulele and the beach at Waikiki an international reputation.
